Box No. I Basis of this opinion

1. With regard to the **language**, this opinion has been established on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.
☐ This opinion has been established on the basis of a translation from the original language into the following language _____, which is the language of a translation furnished for the purposes of international search (under Rules 12.3 and 23.1(b)).
2. With regard to any **nucleotide and/or amino acid sequence** disclosed in the international application and necessary to the claimed invention, this opinion has been established on the basis of:
 - a. type of material
☐ a sequence listing
☐ table(s) related to the sequence listing
 - b. format of material
☐ in written format
☐ in computer readable form
 - c. time of filing/furnishing
☐ contained in the international application as filed.
☐ filed together with the international application in computer readable form.
☐ furnished subsequently to this Authority for the purposes of search.
3. ☐ In addition, in the case that more than one version or copy of a sequence listing and/or table relating thereto has been filed or furnished, the required statements that the information in the subsequent or additional copies is identical to that in the application as filed or does not go beyond the application as filed, as appropriate, were furnished.
4. Additional comments:

1. Statement

Novelty (N)	Claims	1-22	YES
	Claims		NO
Inventive step (IS)	Claims	1-22	YES
	Claims		NO
Industrial applicability (IA)	Claims	1-22	YES
	Claims		NO

2. Citations and explanations :

Reference is made to the following documents.

D1 : KR 2002-0012880 A(Jung Seok-Hong, Kim Si-Hwan) 20 February 2002

D2 : KR 307362 Y(Park Sang-Ho) 15 March 2003

1. Novelty and Inventive Step (PCT Article 33(2)-(3)):

Claims 1-22 of the present invention relate to a portable terminal having an extended screen converting dual displays into one extended display by having a sub-display panel which is foldable with one side of a folder equipped with a main display panel by a hinge and to method of controlling screen display thereof and to a control device thereof.

On the other hand, D1 relates to a foldaway portable flat display panel which is provided to realize one large screen by unfolding a sub display panel, thereby provides various information and one enlarged screen. And D2 discloses a portable terminal to allow a user to use a large display by combining an sub-display with one side of a main display by a hinge.

But neither D1 nor D2 discloses technical components of display module for controlling the image of two panels able to functions independently when the sub-display arrangement is folded and functions as one extended screen when unfolded.

Therefore, the subject matter of claims 1-22 in the present invention fulfills the requirements of Article 33(2)-(3)PCT.

2. Industrial Applicability (PCT Article 33(4)) :

The subject matter of claims 1-22 fulfills the requirements of Article 33(4) PCT because it is industrially applicable.
